

Product data sheet for uvex unidur sleeve TL

The thin uvex unidur sleeve C TL lower arm protection prevents cuts, abrasions and lacerations in dry work environments. The combination of HPPE, fibreglass and polyamide outer materials produces lower arm protection that is highly resistant yet remains flexible. The velcro fastening allows the wearer to adjust the fit for maximum comfort. The additional thumb loop makes the sleeve fit even more securely to provide extra protection against cuts.

Features

- Highly durable

Suitability for industrial working environments

- Suitable for dry work environments

Material number	60974
Sizes	M - L
Standard	EN 420:2003 + A1:2009, EN 388:2016 + A1:2018

Performance classes in accordance with EN 388

Outer material	High-performance polyethylene (HPPE), Fibreglass, Kevlar®, Polyamide (PA)
Coating	No coating
Type	Not specified
