

Product data sheet for uvex rubiflex NB60SZ

For these chemical protection gloves, a thicker cotton interlock lining is used. This makes the uvex rubiflex S suitable for many applications in which protection against chemicals and increased mechanical protection (for example against heat) is required. The special 60 or 80 cm version is also available with elasticated gauntlet end.

Features

- Ergonomic fit
- Good grip
- Very good tactile feel
